**HOW LONG HAVE YOU BEEN MISS LEADED ????????????**

**# = ORIGINAL NEW (but) PULLED OUT \* = GENERIC**

This option is for those who care to buy original products, at low prices, The pieces have not been used other than installed on the chassis board then "PROFESSIONALLY" dismantled , the pins are so clean that in most cases, makes them look as never been soldered .

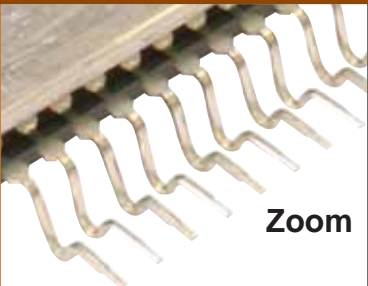

**WE WILL NOT MISS LEADED YOU** , We inform you prior to your purchase, that's why we preferred to add a < # > at the end of the items to distinguish that it is dismantled.

We assure you that once you experience our pulls, you will continue to buy them due to the savings, and your satisfaction

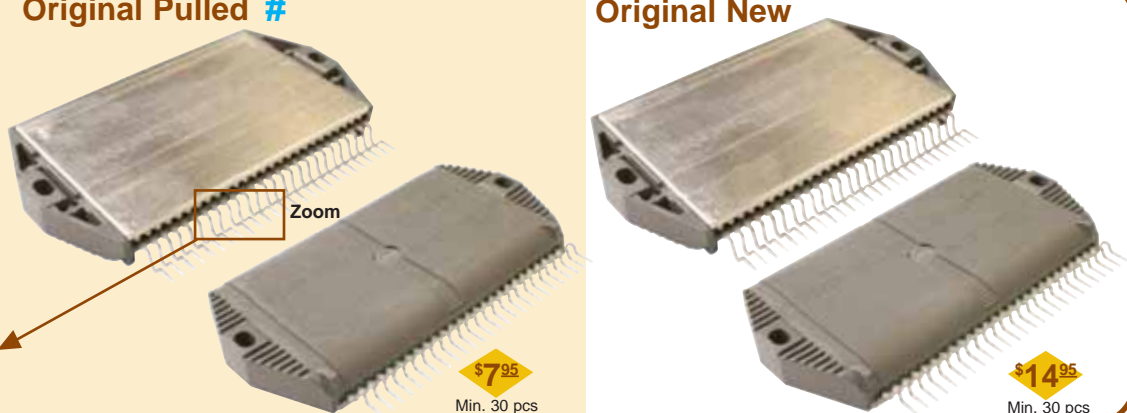

In the end, **YOU** make the choice.

We worked hard to enable you to select, you have 2, or 3 options, you make the decision.

### Simulator for Diode Split Flyback

**32KHz Monitor Simulator for Diode Split Flyback Transformers**

- Real simulation of the horizontal deflection stage at 32KHz and low voltage
- Differed MAT reading
- Oscilloscopic display of thereturn pulse of any winding

**TV Simulator for Diode Split Flyback Transformers Model# STVDST-01**

With this TV simulator for split diode transformers, you can easily diagnose the cause of the breakdown as well as its properoperation. This will help you in troubleshooting television sets. Power Supply: 110V.
